- Petitions received after the deadline date and/or incomplete petitions will not be accepted or reviewed for that term. The result will be tuition assessed as a non-resident for that term. Your tuition classification status remains unchanged until your form is approved and financial decisions should be made accordingly.
- Financial aid will be adjusted if you are granted resident-based tuition. You will no longer be eligible for scholarships based on non-resident tuition.
- > Students can obtain in-state classification if they meet the requirements for Colorado domicile and submit a Petition for In-state Tuition Classification to Office of Financial Aid the semester deadline. Please refer to www.financialaid.colostate.edu/residency.
