2018-2019 Academic Year Update

Work-Study Start Dates

- Fall 2018
  - Work-study for the 2018-2019 academic year will begin with the 18-AUG-2018 PP

- Spring 2019 Only (not here in fall)
  - Work-study for spring-only students will begin with the 19-JAN-2019 PP
2018-2019 Academic Year Update

Renewal & Request Work-Study
Renewal Work-Study

• Students who had a paid work-study award (that can be seen in Banner) for the 1718 academic year, will be awarded work-study for the 1819 academic year
  – Unless they show as graduating Spring or Summer 2018
  – They will NOT need to do the request work-study application

• FAFSA filers will have work-study renewed when their other financial aid is awarded
  – If a student has FAFSA verification requirements, these will need to be completed
  – Requirements can be seen on RAMweb (have started posting)
  – Financial aid packaging for 1819 will begin late January (29th)

• Non-FAFSA filers will have work-study manually renewed by SES prior to the Request Work-Study application opening on RAMweb

• Awarding is always contingent on funds availability and student eligibility

• If a student who worked the prior year, is not awarded, please have the student contact SES to see why and see if can be awarded
2018-2019 Academic Year Update

Request Work-Study

• Will be the same process as last year.

• Students who are not initially packaged or renewed with work-study can do the Request Work-Study application on RAMweb

• The Request Work-Study application includes need-based and no-need work-study
  – Type awarded is based on what the student is eligible for, and what funds remain
  – Different funding levels available for each type
  – A FAFSA is not needed

• The Request Work-Study application will be available on RAMweb **May 1st**
  – This way it’s open to continuing students, and incoming freshmen who have committed, will also allow more time for renewal work-study to be awarded through FAFSA

“Request” Work-Study on RAMweb

Please be advised that completing this request does not guarantee a work-study award; student eligibility will be checked and funding must be available. Please also be aware that your total financial aid received from all sources (including grants, work-study, loans, and scholarships) cannot exceed your cost of attendance (COA). Thus, to add your work-study award, Colorado State University may be required to reduce your financial aid so that your total aid is equal to the COA.

Processing may take up to 2 weeks; students will receive an email if they qualify for the work-study award or not.

Please select the semester(s) that you would like to apply for Work-Study:

- ☐ Fall and Spring Semesters
- ☐ Fall Semester Only
- ☐ Spring Semester Only

Early Hiring

- Background checks can be submitted as soon as you know who you plan to hire
  - Don’t have to wait until fall to submit background check if you know who you are hiring in the spring
  - Will help prevent “backlog” in fall start
  - [http://www.hrs.colostate.edu/background-checks/background-checks.html](http://www.hrs.colostate.edu/background-checks/background-checks.html)

- I-9s and SSAs can also be completed in Equifax as soon as the job offer has been made
  - Must occur after the background check has come back clear

- “Candidate: An applicant for employment or volunteer position whom the university wishes to offer the position contingent upon successful completion of a background check” (CSU Policy: Background Checks, Policy ID#: 3-6004-004)

Best Practices

Form I-9 Date Compliance

• **Section 1**: must be completed on or prior to the first day of employment

• **Section 2**: must be completed within 3 days of first day of employment

• **Fines**: Beginning Aug 1, 2016, fines for I-9 paperwork violations doubled (Fay, 2016)
  - Previous fine: $110 - $1,100 per violation
  - New (current) fine: $216 - $2,156 per violation

• Hire date in Equifax and effective date in Oracle should be the same
Best Practices

Oracle Approvals

- **Changes** to existing assignments must occur at the start of a pay period
  - Pay periods begin on Saturdays
  - Unless the change is **ONLY** to update from “suspend” to “active”, then it can be the same date as the suspension

- **New** hires/assignments can be any date, **should** be employee start date

- Departments should **NEVER** terminate student assignments, only **suspend**
  - Departments can suspend and reactivate assignments through the Oracle workflow process
Best Practices

Oracle Approvals

• Departments must have posted an opening on JobX and have completed a background check
  – Background check must be completed prior to offering the job
  – JobX # and background check dates are to be included in comment section of approval

• For a new hire/assignment to be approved, there must be a completed Form I-9 on file in Equifax
  – Those that are in approval work flow, and go past 3 business days past hire date without a completed Form I-9 in Equifax, will be rejected for being out of date compliance

• Student salaries should not decrease, unless there has been a reduction in job duties or a job change
  – Include reason for salary decrease in comments to avoid additional questions or rejection

• Departments must have a current MOU & Compliance Review on file for work-study assignments
  – MOU/CRs are annual, and must be completed every year (now electronic)
Best Practices

Oracle

• “Effective date” change requests in Oracle to SES
  
  – SES can only change if it is the original assignment
    
    • i.e. 69714 not 69714-2
  
  – HR-IS would have to purge subsequent assignment, and then it would have to re-submitted with correct date
    
    • If hours already clocked in, will need to work with HR-IS to resolve situation
Best Practices

Oracle Approval Rejection Emails

• HR-IS was not able to add the notes put in by SES into the rejection emails, instead this is included:
  – “Please log into Oracle HR and check CSU Approvals for details, including the Notes section, at the end of the notification providing a reason for the rejection”
Best Practices

Reverification – Equifax/Oracle

- Once a Form I-9 has been re-verified in Equifax, you will need to contact SES to have Oracle manually updated with the new Form I-9 expiration date
  - Email communication is preferred, please include student CSUID or assignment #
  - Students **will not** be able to clock-in to TCP and will not be paid until the I-9 expiration date has been updated

- If the original Form I-9 is not in Equifax, please contact SES to upload the original
  - Email communication is preferred, please include student CSUID or assignment #
Best Practices

Annual Evaluations

• Need to be done every year
  – Protects the University and the employer if issues arise
  – Evaluations need to accurately reflect student’s performance
    • If there is an issue, it needs to be stated and documented in writing
  – Expectations need to be consistent across a department

• Completed evaluations should be sent to SES to be added to student’s file
  – Email is preferred
Best Practices

Work-Study Reports

• Work-Study Earnings by Department Report
  – Should be run every pay period
  – Displays students’ award amounts and amounts earned
  – Changes to work-study awards reflected in this report

• Expense Distribution Report
  – Should be run every pay period
  – Watch for email from Payroll
  – Confirms pay for your student employees
  – Confirms what is billed to your Department’s account

• HR will not go back after a semester has ended to correct TEW to work-study
Best Practices

• Recently reviewed and approved by General Counsel
• For employers and students
• Comprehensive guidelines for student assignments and employer responsibilities at CSU
