Create Reef account and sync to Canvas

This process must be done in each Canvas course that is using iClicker Cloud. Following these steps will link your Reef account to your Canvas course and will ensure you receive your iClicker grades in Canvas. This will also add the Canvas course to your Reef account so you are able to participate in iClicker polls in your course.

**DO NOT purchase an iClicker Reef Subscription.**

iClicker Reef usually requires a paid subscription but since we are participating in a pilot program, there will be no cost to students for using iClicker Reef this term. As long as students click on the iClicker Sync link in their Canvas course, there will be no fee for students. *Please do not pay for a subscription, as students who purchase subscriptions cannot be easily refunded.*

Sync iClicker account to Canvas

Log into your Canvas course that is using iClicker Cloud. Click on the iClicker Sync link in the left navigation and then click on the Launch iClicker Reef.

Create Reef account

If you already have a Reef account, DO NOT create a new one.

If you do not have an iClicker Reef account, [create one by clicking "Sign Up!".](#) It is free to create an account.
On the Create Account page, search for Colorado State University and then click on Colorado State University to select it.

Enter;

- First Name
- Last Name
- Email – Preferably your CSU email address
- Student ID – CSU eName (e.g. camtheram)
- Accept the Privacy Policy and then click Next.
Create a password and then click Create Account.

After following these instructions, your Reef account will be linked to your Canvas course. The Canvas course will be added to your Reef account so you can participate in polling in your course.
